

the
big picture:
making dog toys from trash

You don't need to spend a fortune buying dog toys. Just make the toys quickly and cheaply from items in your house!

This toy will entertain your dog for a while, and you can easily make a new one when needed!

Also consider making toys and donating them to the local shelters and rescues!

DIY dog toy

type:
chew toy

water bottle sock chew toy

materials needed:

- water bottle
- old sock

tips for playing

This toy can be adapted for all dogs. For instance, you might want to use a smaller sock and bottle for a puppy or small dog.

And, while being an excellent chew toy, you can also play a rousing game of fetch with your adult dog.

Never leave your dog alone with toys that could be broken apart and swallowed.

care

directions for making the toy:

Step 1: Clean out the bottle.

Step 2: Remove the lid and any wrapping on the bottle - we don't want Fido to choke on these small items!

Step 3: Stretch the sock over the bottle, pushing the bottle to the toe of the sock.

Step 4: Tie the end of the sock, securing the bottle inside.

Step 5: Squish the bottle with your hand and watch Fido come running!
